CANADA'S FINEST FISHING EXPERIENCE

SIoux LOOKOUT ONTARIO, CANADA
WWW.CANADAFISH.COM

Welcome to Moosehorn Lodge

Located in a quiet, sand lined bay of Pelican Lake, amongst the towering pines and crystal clear waters of the English River Watershed, and Lac Seul's Easterly side — Moosehorn Lodge invites you to experience the pristine Canadian wilderness and the reputation of the areas best fishing.

Longtime residents and owners, Carter and Linda Rice welcome you and your guests to the one of the oldest and best, well-kept fishing resorts in the Sioux Lookout area.

A first-class family ran lodge combining friendly staff, with experienced, professional guides - at Moosehorn Lodge you'll be treated as family, spoiled with hospitality, and indulge in the best fishing Canada has to offer.

Home away from home

MOOSEHORN LODGE

Often time's guests relate great Canadian fishing with "roughing it" — at Moosehorn Lodge there's no such thing.

Nine clean, spacious, fully equipped cottages greet our guests with all the modern comforts of home.

Available in both Housekeeping and American plan packages we can accommodate any size group — from our 2 and 3 bedroom cabins to our deluxe full-kitchen cabin and four-bedroom/2-bath cottage for groups of 8 to 10. All designed to keep you comfortable and well rested during your stay.

The landing is equally luxurious with a 250 foot fully powered, slipped dock leading to a modern fish-cleaning house to handle all your packaging / freezing needs.

God's country even with cold beer and great fishing.

Facilities

- MOOSEHORN LODGE -

Relaxation and modern convenience defines your visit at Moosehorn Lodge.

We spoil our guests with the latest in fishing gear — 18 ft. Kingfisher Trio's with live wells, pedestal seats, casting platforms and a 50 hp Yamaha 4-stroke tiller with trim and electric start. Or feel free to upgrade to a guide package with our 21 ft Harbercraft and 150 hp Yamaha.

Our complimentary golf carts will take you down to the beach where you'll find volleyball, water toys, a canoe, kayak and paddleboat to enjoy.

The main lodge includes a spacious dining room, fully stocked bar, complete outfitted tackle and gift shop as well as every modern amenity for those going through withdrawal — satellite TV, DVD, public internet station, telephone, fax and even karaoke. The entire site is set up with satellite internet for your convenience, to stay in touch with home.

*Come in, sit by the fire and share a fish story —
I guarantee they'll get bigger as the night goes on.*

Peaceful surroundings and a line in the water... nice!

Fish On!

MOOSEHORN LODGE

It's why you came, and why the best kept secret in the English River Watershed is Moosehorn Lodge.

We're not going to guarantee you a 30" Walleye (even though we've caught them), or a 55" Muskie (caught them), or a 20" Smallmouth (yep caught them), or a 45" Pike (caught here too) or even a trophy Lake Trout (been there), but we will guarantee you your hands will smell like fish (if you want them to).

A bad day of fishing is better than a good day of work.

June Bug spinner with a minnow on the back is a walleye favorite.

This is the only lodge in this area (maybe in Canada), to offer exclusive Guided Evening Muskie Hunts. We pride ourselves in providing our guests to be on the water, when the big fish bite is hot!

Our guides are the best in the business and pride themselves on putting you on fish — it's all they do! They know the area, they know fishing and they know how to treat their guests — their number one goal is to make you happy. By the end of the trip you won't think of them as guides, but rather as a fishing buddy.

Experience this awesome feeling!

Hospitality You've made the right choice

- MOOSEHORN LODGE -

We'll feed you like your Mother at Moosehorn Lodge.

Breakfast is where our day begins and we send you out right — a hot cup of fresh brewed coffee with smoked bacon and sizzling sausage accompany stacks of sweet pancakes with all you can eat eggs, juice, fruit, cereal and more.

The highlight of every great fishing trip is of course the shore lunch - we're fortunate to have the best guide cooks in the area and don't mind bragging about it.

You'll reap the rewards of the days catch by indulging in fresh, filleted fish — pan fried in our secret recipe seasoned breading. Throw in some campfire beans, potatoes/ onions and fresh homemade cookies and you'll swear you're in Canadian heaven.

Once the lines come in we're ready for you back at the lodge with your favorite beer or cocktail and complimentary appetizers to kick off a well-deserved dinner, prepared for you by our very own certified Chef, Greg Rice.

Homemade soups and a fresh, crisp salad bar start the evening - followed by a buffet style dinner of delicious dishes, great cuts of meat and all the fixings.

You may not have room, but we insist you end your meal with one of our homemade desserts — it wouldn't seem right without it.

Beautiful location, excellent fishing, great food and staff — what else is there, right?

The smell of fresh bacon in the morning - the sound of a lure plunking into clear, calm water, the sight of the sun setting over the Canadian wilderness.

At Moosehorn Lodge we believe in offering our guests more than a good vacation — we believe in giving you a great experience. We look forward to meeting you.

Proper grip with an open-face spinning reel. The thumb rests on top of the rod. The reel stem fits between the second and third fingers (some prefer third and fourth). The index finger holds the line by the fleshy part above the first joint. As the reel comes forward, index finger releases line.
